# ABOUT **DBC ENGINEERING**

DBC ENGINEERING LTD is a first rising construction company formed in 2020 with the objective of establishing a sustainable and continually improving output while providing predictable and quality constructions to our clients as we foster lasting relationships with professionals, local councils, government bodies, trade contractors and suppliers.

As building contractors and developers, DBC ENGINEERING LTD is well equipped to undertake the most technical constructions and to direct and manage the works from design to handover. Whether you require the construction only or you require a full design and construct package, we can manage the process and deliver you the finished product. We are a well-established Low tier company with an exceptional skill base undertaking educational, commercial, multi-level residential and industrial constructions as well as design and construction projects throughout KENYA.

Our staff and workers have been trained and accredited by the National Construction Authority. We continually strive towards achieving greater environmental awareness and recycling construction waste. We believe in teamwork, being at the core of our values, it makes the difference when it comes to executing amazing projects.

## **VISION :**

**To be the constructor of choice in the region by accomplishing exceptional results for our clients while offering satisfying careers for our team.**

---

# OUR VALUES

**Ethics- Honest, integrity and fairness are non-negotiable in any of our undertakings**

**Teamwork-working together as the DBC Engineering family**

**Safety & Health- We are committed to keeping people safe from harm, and to provide a healthy work environment**

**Sustainability- We strive to bring positive change in communities where we undertake any project by respecting local cultures, engaging local people, and protecting the environment.**
